

# RELATIONSHIP REDEFINED THE PARTNERSHIP YOU DESERVE

APPOSE™ ULC Skin Stapler  
Single Use Skin Stapler

**Medtronic**  
Further, Together

# PORTFOLIO + STANDARDIZATION + SERVICE

## Feature

- 2 staple width options
- Clear plastic cartridge

## Benefit

- Wound closure flexibility
- Enhance staple count visibility

## Positioning

The Appose™ ULC skin stapler is designed to be fired from multiple angles. It has an ejector spring that automatically disengages the staple to facilitate instrument removal in any direction.

## Staple formation

The flat, dimpled staple top span is designed to ensure proper staple formation. To use the skin stapler properly, squeeze the trigger completely and release. Do NOT pull or lift up the stapler when releasing the trigger. Failure to completely squeeze the handle can result in incomplete staple formation and insufficient wound approximation.

## Stapler sizes

The Appose™ ULC single use skin stapler has two different staple sizes: Regular and Wide. In the closed position, the regular staple has a width of 5.8 mm and leg length of 4.1 mm; the wide staple has a width of 6.5 mm and leg length of 4.1 mm.

FULLY SQUEEZE AND RELEASE TRIGGER BEFORE LIFTING.

DO NOT LIFT OR ROTATE UNTIL STAPLE IS RELEASED.

## Staple Specifications

Width	Size/Wire	Closed Position
35R	10.87 mm 2.9 mm 0.57 mm	5.88 mm 4.1 mm
35W	13 mm 3.25 mm 0.56 mm	6.5 mm 4.1 mm
